

Audrey Foley
Managing Director
Compass Group Ireland

Audrey joined Compass Group in March 2015 as Business Director for our Compass Group Ireland business.

Promoted to Managing Director and joining the UK & Ireland Executive Team in January 2016, Audrey assumed overall responsibility for our Ireland business.

Prior to joining Compass, Audrey spent 15 years with Monsoon Accessorize. Starting part-time during college, Audrey progressed to the role of Area Manager for Ireland, a role she held for five years, before taking an Operations Director role at Paddy Power.

A background of delivering compelling and distinct brand offerings, with a steadfast customer focus, is a natural fit for Compass Group Ireland where Audrey strives to deliver creative solutions that exceed customer and client expectations.

Audrey is a University College Cork alumni, graduating with a Bachelor of Commerce and a Masters in Electronic Business and Commerce.

Coming from a hurling stronghold, Audrey is a proud supporter of Cork hurling as well as Irish and Munster rugby. In her spare time she also likes to box and loves to read fiction. A Cork woman who lives in Dublin, Audrey feels lucky to call two cities with thriving and ever changing food cultures home.
