

**Steve Cenci**  
**Managing Director,**  
**Healthcare**

Steven Cenci joined Medirest in January 2002 after a 15 year career with Group 4 where he held a number of senior appointments, latterly that of Operations Director and before that, Technical Director. The latter carried a brief for introducing innovations aimed at driving up levels of customer satisfaction and for the development of ongoing service improvement initiatives. He spent the first six years in a sales role ending as National Sales Manager for manned services.

Steven has wide ranging B2B UK contract services experience with both the large blue chip commercial and government sectors and has also worked within PFI teams. He is currently Chairman of the British Services Association Healthcare Committee, which acts on behalf of most private sector organisations that deliver facilities services into Healthcare. He also chairs the International Compass Healthcare food Forum designed to exchange global best practice from over 27 countries delivering Healthcare facilities services.

Steven is married to Julie and has three sons. He has an MBA from Hull University and is a keen club badminton player. Of Italian roots, he speaks Italian and travels often to Italy (where two of his three sisters live) enjoying both the food and weather as often as possible!
